Expunerea succintă a solicitării de clarificare	Buna ziua. Această procedură de achiziție nu poate fi implementată ținând cont de cerința pentru livrarea 24.12.2020. 1. Data licitației 17.12.2020. Chiar dacă o decizie cu privire la câștigător se ia în aceeași zi. Conform legii, contractul poate fi semnat nu mai devreme de 23.12.2020. De asemenea, trebuie aprobat de Agenția pentru Achiziții Publice și de Ministerul Finanțelor, este încă timpul. Având în vedere toate acestea și ziua scurtată înainte de vacanța din 24.12.2020, acest contract nu poate fi executat fizic 2. Acest echipament din volumul descris nu este la niciun furnizor de pe teritoriul Republicii Moldova și nu se acordă timp pentru a-l importa în Republica Moldova. Data solicitării clarificărilor	30.11.2020
Denumirea operatorului economic	SRL "Thor Security Group"
Expunerea succintă a solicitării de clarificare	Solicităm modificarea informației la compartimentul Pază tehnică, inclusiv deservirea Sistemului antiincendiar și antiefracție, precum și a Standartelor de referință, din Anunțul de participare privind achiziționarea Servicii pază și deservire tehnică a Sistemelor de supraveghere video, antiincendiară și antiefracție pentru perioada 01.01.2021 - 31.12.2021 enunțat prin procedura de achiziție Licitație deschisă nr.

	ocds-b3wdp1-MD-1605601735310. În Specificația tehnică descrisă și standardele de referință din tabela Anunțului de participare nu este o claritate privitor la delimitarea obiectivelor și utilajului tehnic instalat la fiecare etaj, birou, încăpere, etc., iar numerotarea unică a obiectivelor și utilajului complică pregătirea ofertelor pe loturi. Prin urmare, solicităm să fie expuse separat numerotarea încăperilor cu indicarea utilajelor instalate pentru fiecare obiectiv în parte, inclusiv și pentru fiecare etaj. Subsecvent, solicităm informații referitor la apartenența utilajului tehnic existent la obiective și anume: utilajul care se află la balanța contabilă a ofertantului și utilajul agentului economic care a prestat anterior servicii de pază tehnică, în scopul prezentării calitative a ofertei de participare.
Expunerea succintă a răspunsului	Procedura de achiziție publică nr. ocds-b3wdp1-MD- 1605601735310 privind achiziționarea serviciilor de pază și deservire tehnică a sistemelor de supraveghere video, antiincendiară și antiefracție pentru perioada 01.01.2021-31.12.2021, se desfășoară conform prevederilor Legii nr. 131/2015 privind achizițiile publice și cadrului secundar de reglementare a achizițiilor publice. Astfel, în scopul achiziționării "Serviciilor de pază și deservire tehnică a sistemelor de supraveghere video, antiincendiară și antiefracție pentru perioada 01.01.2021-31.12.2021", a fost elaborată de către grupul de lucru documentația de atribuire, care include documentația standard, anunțul de participare și caietul de sarcini, conform cadrului normativ în domeniul achizițiilor publice. Cerințele privind exigentele tehnice și calitatea serviciilor impuse de autoritatea contractantă în documentația de atribuire au fost stabilite reieșind din prevederile art. 37 din Legea nr. 131/2015 și din specificul activității Ministerului. Totodată, menționăm că totalitatea utilajelor și echipamentelor pentru paza tehnică este menționată în specificațiile tehnice și se află la balanța ministerului. Conform celor expuse, grupul de lucru pentru achiziții consideră inoportun modificarea informațiilor ce se conțin în documentația de atribuire.

Alte informații relevante	

V. Descrierea achiziției înainte și după modificare (natura și amploarea lucrărilor, natura și cantitatea sau valoarea bunurilor, natura și amploarea serviciilor):

Proiectul „Dezvoltarea durabilă a parcului industrial Cahul ca structură de sprijinire a afacerilor de importanță regională”, în procesul de execuție a lucrărilor a căruia, s-a constatat

necesitatea aplicării unor modificări, în rezultatul cărora a fost încheiat Contractul prin NFP nr. 02/L/20 din 06.03.2020., care prevedea executarea următoarelor volume de lucrări:

- 1 2-1 Rețele AEE-10 KB
- 2 2-2 Rețele electrice ЛЭП-0,4KB
- 3 2-3 Iluminarea exterioară
- 4 2-6 Наружные сети самотечной канализации
- 5 5-1 Проезды
- 6 5-2 Telefonizarea TSE
- 7 7-2 Amenajarea
- 8 7-4 Lucrările pentru amenajarea canalizării pluviale

Valoarea lucrărilor enumerate constituiau 1 407 221,97 (un million patru sute șapte mii două sute douăzeci și unu lei, 97 bani) MDL, inclusiv TVA.

VI. Descrierea circumstanțelor care au făcut necesară modificarea:

De menționat este faptul că lucrările enumerate mai sus au fost executate de către Antreprenor în termen, totuși, dat fiind faptul că sursele financiare sunt desbursate către Co-investitor (Autoritatea contractantă) conform alocărilor bugetare anuale, precum și datorită faptului că la finele implementării proiectului au fost identificate unele erori de calcul ce necesită verificare suplimentară și recalcul, în vederea asigurării efectuării tuturor plăților către Antreprenor, a devenit necesară prelungirea valabilității Contractului menționat.

VII. Motivele/argumentele modificării contractului de achiziție/acordului-cadru:

Prezentul acord se încheie în cadrul proiectului „Dezvoltarea durabilă a parcului industrial Cahul ca structură de sprijinire a afacerilor de importanță regională”, în procesul de implementare a căruia, a fost încheiat Contractul 03/L/20 din 10.08.2020.

Conform celor expuse mai sus, s-a constatat necesitatea prelungirii valabilității Contractului în vederea asigurării efectuării tuturor plăților către Antreprenor.

Astfel, în baza prevederilor art. 3, punctul 3.2., litera a) a Contractului nr. 03/L/20 din 10.08.2020, este necesar a prelungi durata de valabilitate a acestuia pînă la data de **31.03.2021**, termen care va asigura efectuarea tuturor plăților către Antreprenor.

VIII. Rezultatele examinării:

În rezultatul examinării necesității de modificare a contractului de achiziție publică, grupul de lucru a decis:

A fost încheiat Acordul adițional nr. 1 din 25.12.2020 privind **prelungirea termenului de valabilitate a Contractului nr. 03/L/20 din 10.08.2020 pînă la data de 31.03.2021**, termen în care va fi asigurată efectuarea tuturor plăților către Antreprenor
